Congressional Research Service reports
CRS is another U.S. Government Agency that writes reports for Congress (Cliff Notes for Congressman)
However, CRS does not publish its reports – but other organizations do gather their reports and upload them – such as at this U. of North Texas website http://digital.library.unt.edu/explore/collections/CRSR/
We are going to search the following in the metadata of the articles: “food stamps” OR “supplemental nutrition assistance program” OR snap
We can Sort the results by Date Created (Newest)
Let’s take a look at the 3rd article – Click on it
Next, click on the icon of the report to the left of the entry.
Then click on **Download**
